

Kate Mulheron

**DICKERSON GALLERY
SUMMER GROUP SHOW**

5 December - 21 December 2024

Opening reception 5 December, 6-8pm

Kate Mulheron lives and works in Sydney's eastern suburbs. Her paintings and prints have been exhibited in Australia and Europe in several group and solo exhibitions and are held in public and private collections in Australia and Europe. Kate's work has received many accolades, including as a winner in the 2024 Randwick Women's Art Prize.

Kate's recent body of work has her fixated on the atmospheric power of the ocean and sky. Inspired by 'place', these works, with their subtle moods, transcend any specific geography; they have a universal reference. These seascapes are much more about an exploration of light, space, and the artist's personal experience and response to the sea.
